Subject: Dico EE/CA revisions

See attached EE/CA with EPA comments/changes in redline. We would like to get a final version of the report on Monday or Tuesday morning at the latest. I am stopping work for today. If we need to discuss anything, please contact me early next week. Hopefully, the changes are pretty straightforward, but please review to ensure there are no inconsistencies or blunders since three different people at EPA used track changes to make revisions.
